An Introduction to MSSC
To our esteemed shareholders and customers:

An imperative part of our Emirati Heritage is the origin of our ancestors as seafarers, pearl divers and commercial tradesmen. The pride taken in our culture has given us the incentive and honor to establish TASNEEF in 2012 as the first UAE Classification Society in the GCC and the Arab world.

Eng. Saeed Al Maskari

Chief Executive Officer

To ensure the viability of the crucial maritime domain for the United Arab Emirates, our leadership recognized the need to establish a national classification society to protect our ports and waterways, guarantee our maritime prosperity, and safeguard our environment and seafarers through our professional services.

Moreover, in the present context of internationalization and globalization, market demand tends to ask for value beyond mere satisfaction. TASNEEF has expanded to be able to serve a wider variety of clients and established several subsidiaries. Maritime Services which is the sole classification society within TASNEEF. TASNEEF-RINA Business Assurance L.L.C. as International Certification Body based in UAE, works to guarantee excellence to public and private companies, to assure the best performance of their organizations, products, people, facilities and supply chains through Certification, Training and Advisory services. The third Subsidiary; MSSC for ensuring safety in Infrastructure and Industry irrespective of its activities.

Our fundamental values entail that our responsibility and promises to our clients and shareholders are attained with excellence. Therefore, we have assembled a group of the finest employees, diligently screened for their competencies and abilities to conduct our businesses, expand in areas of need for UAE’s interest, and to grow our company worldwide, all the while investing in Emirati human capital.

We ensure that our partners in the private and public sectors work together to achieve safe standards which protect ship-owners, seafarers, and our environment. Thank you for your interest in TASNEEF and we look forward to working with you, our partners and valued customers.
General Manager Message

We are widely recognized as a company with the best training Practices, third party inspections, consultancy services and personal certification across the region. We are fully-committed to providing the vital aspect of our primary mission towards world-class service, offering significant turn-key solutions to cater various sectors of manufacturing, engineering and trade business.
